TEMPERANCE OMNI-PARTISAN CONVENTION

PROMINENT INDIANA MEN OF ALL PARTIES ASK FOR BIG MEETING AT INDIANAPOLIS DEC. 5.

SALOON SITUATION GIVEN

Declare That the Institution Is Gaining Ground in State and Urge Action in Mass Convention.

The following "Call for an Omni-Partisan Convention of Temperance Voters" has been sent to the Republican for publication. It is signed by a large number of prominent men from all parties.

Indianapolis, Ind., Nov. 20, 1911. A crisis confronts the voters of Indiana who are opposed to the legalized saloon. This institution is gaining ground in Indiana, despite the manifest growth in public sentiment against it. At the beginning of this year sixty-nine counties in the state had been voted "dry" by majorities aggregating 84,934 votes. Since that time, by reason of a change made in the law, saloons have been returned to the county-seats of thirty of these "dry" counties, and also into eleven cities which are not county-seats, and the

aggregate "wet" majorities are only 5,656 votes.

Next year the people of Indiana will elect a new Governor and a new Legislature. Sentiment is now being crystallized concerning the platforms and candidates to be submitted to the voters at these elections. The combined liquor interests are secretly at work throughout the state counseling silence on the temperance question; their agency is the professional politicians who are seekers after office and who are anxious to have platforms and candidates which will give no offense to these interests.

Those opposed to the open saloon must no longer remain silent; the time is at hand for the people to speak on the temperance question, free from the counsel or control of mere politicians. For this purpose the voters of Indiana, regardless of party allegiance, are called upon to meet in Delegate and Mass Convention at Tomlinson Hall in the city of Indianapolis, on the fifth day of December, 1911. There will be two sessions of the convention; the first convening at one-thirty o'clock p. m., and the second at seven o'clock p. m. A program of notable speakers for both sessions has been prepared.

This convention is not called to organize a new political party, nor as an aid or embarrassment to any existing political party, but only for the purpose of enabling the people to devise ways and means for making an effective demand that party organizations, platforms and candidates of all parties shall be the expression of the purposes and convictions of the great body of the people of the state upon the saloon issue, rather than the outcome of barter and compromise between the politicians and the corrupt and corrupting liquor interests.

Delegates and alternates from each of the several counties of the State shall be selected, designated or appointed, at such times and in such manner as may be determined by the active and leading supporters of the temperance cause resident in each of said respective counties, and the basis of representation in said convention shall be not less than one delegate and one alternate from each township in each of said counties, and the friends of this cause are urged to select as delegates and from two to ten additional delegates and from two to ten additional alternates, according as they deem it convenient, advisable and possible. It is urged that all such delegates and alternates be selected as nearly as can be in equal numbers from the two prevailing political parties, but not overlooking to select members of other parties wherever the same can be done.

This call is issued by the undersigned committee as the result of the counsel of more than two hundred temperance workers from various counties throughout the state, obtained both by conference and correspondence. This convention will be the most important assembly held in Indiana since the Civil War, and we call upon every enemy of the saloon, men and women, to be present at this convention and give this day to the service of God and His country.

RUMMAGE DOES GOOD.

Christ'an Church Ladies' Annual Sale Helps Many and Saves Waste of Clothing.

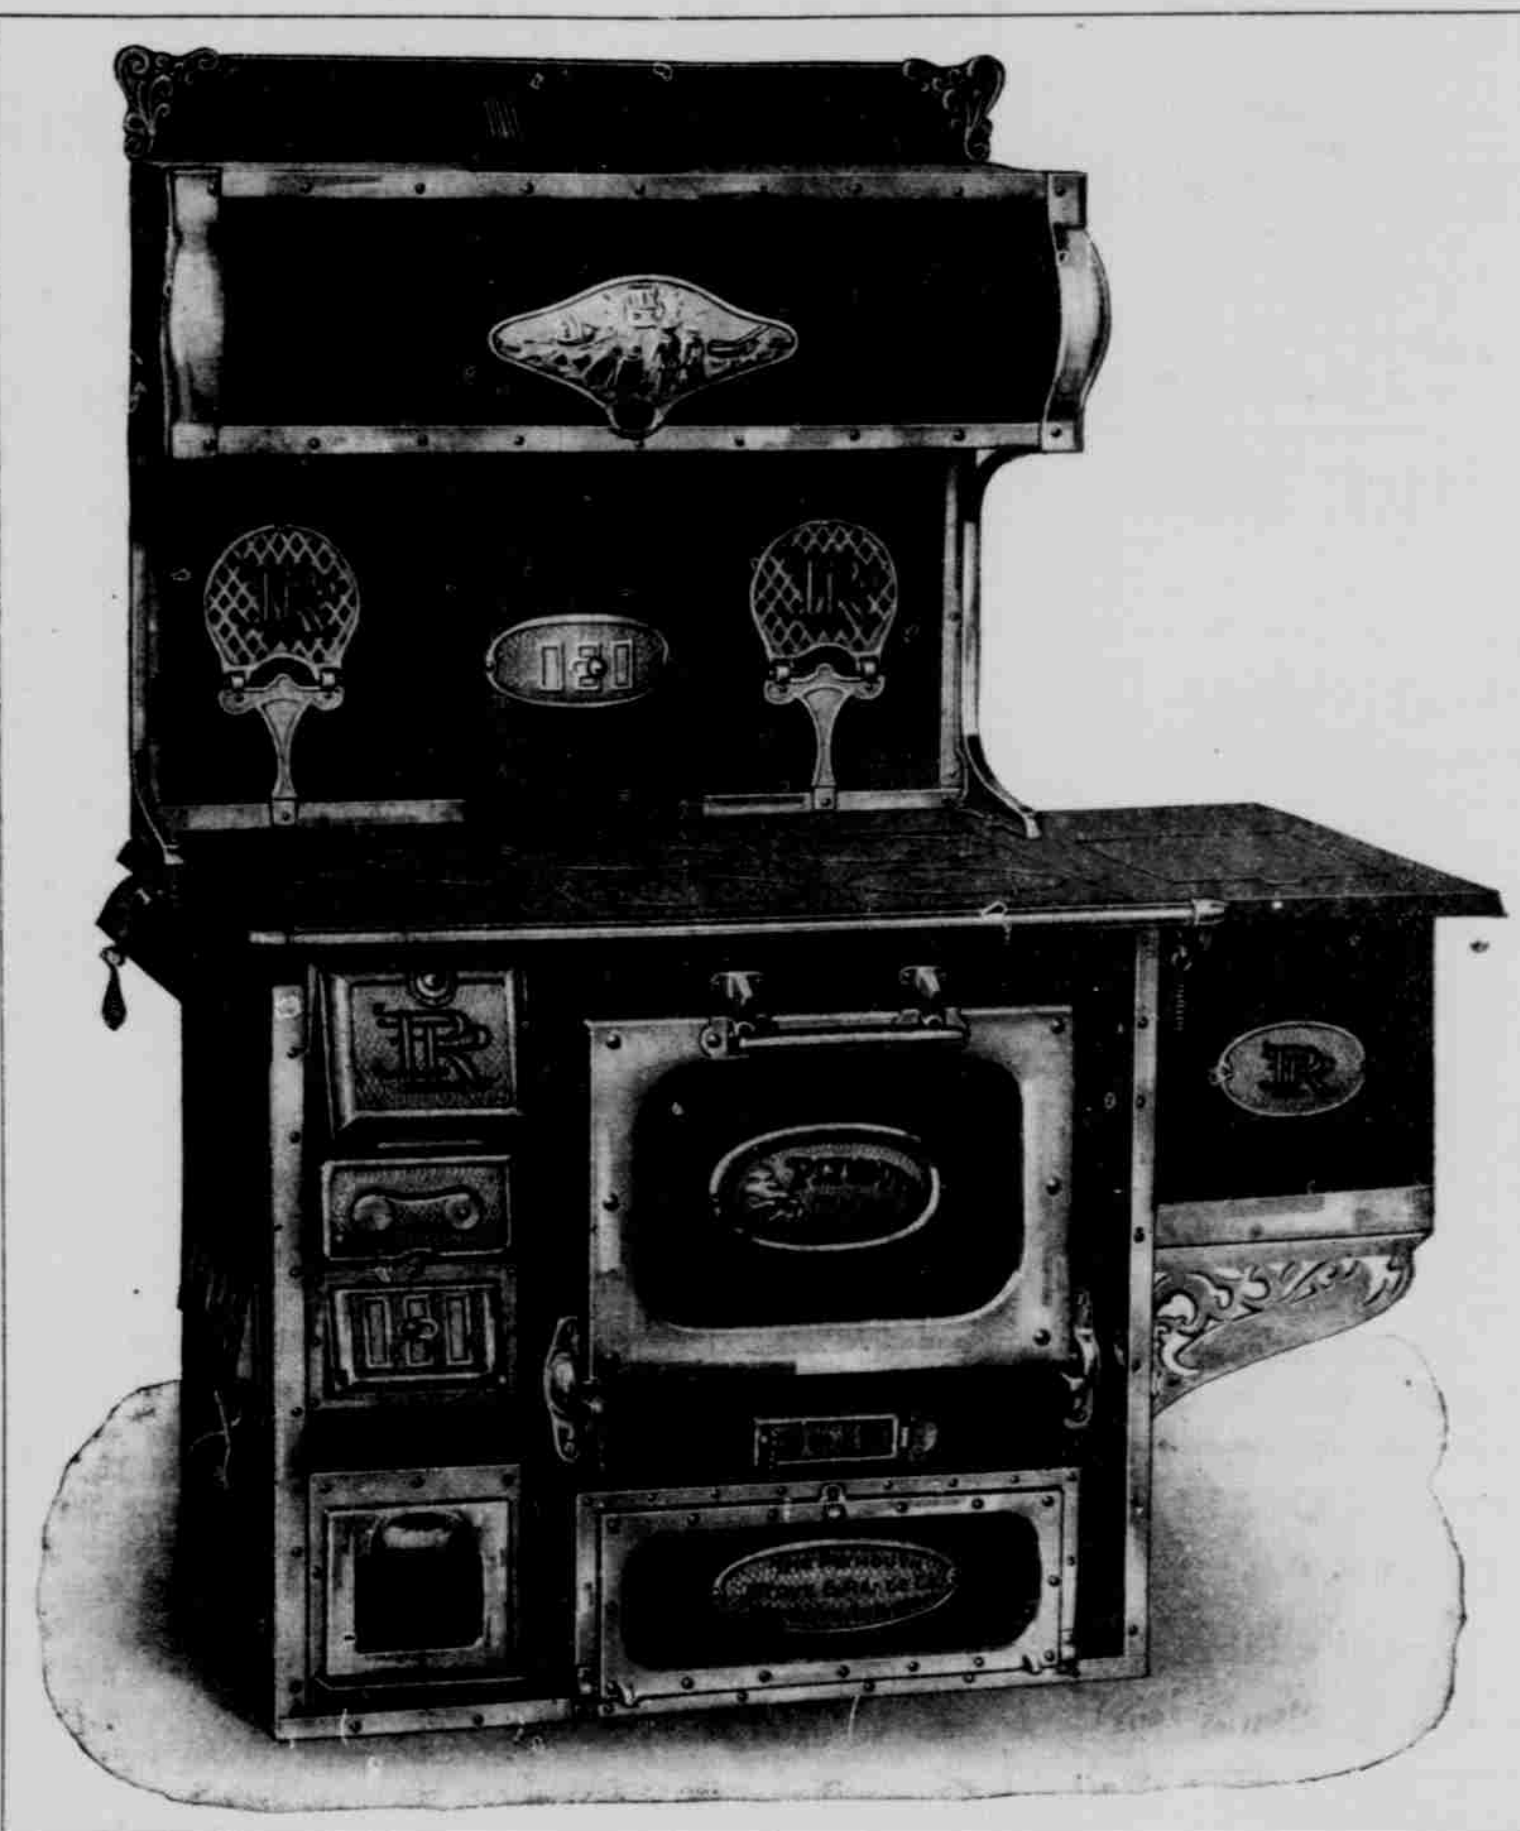

The Rummage sale held by the ladies of the Christian church has come to be an annual affair, and people expect it. For two weeks these ladies have been occupying the Allman store room on Laporte street for this purpose. Everyone is familiar with the plan, which is to gather up such articles of clothing, furniture, etc., people will give them, and place it on sale at low prices, so that those who can make use of such goods can buy them at a nominal price. These ladies find that many people in these days when "family sewing" is almost an unknown art, and few know how to clean clothes and make them over for smaller children, wish to be rid of what is partly worn out, and yet do not actually wish to be wasteful and throw such away. To such they appeal, and are given many articles that are capable of being made to do good service, if changed a little. As there is some prejudice to holding such sales, these ladies have the health officials see that the goods they handle are free from any germs that will endanger the life of the buyer.

One who has had large experience with these sales, says that most people would be astonished to know the good that is done for the really destitute by the means of a rummage sale. A poor woman came in not long ago. She wore a small shoulder cape, and a little scarf on her head. Her clothing was thin and worn and scant. She had 25 cents. She inquired the price of various articles, but did not buy, but the women in charge learned her condition, and here was a chance to do good that otherwise would not have been learned. They "sold" this poor woman a complete outfit of warm clothing, including a good serviceable coat, for just 25 cents.

BETTER THAN SPANKING

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

Dr. C. L. Stonaker of Leiter's Ford and a lady friend from Culver were in Plymouth Thursday. It is not known surely whether they visited the county clerk's office or not, but the visit to the county seat gave friends of the doctor occasion to think that they would soon receive invitations to a Thanksgiving wedding.

..The Greatest Heating Machine Made..

READ AND BE WISE. NOTHING ELSE MADE LIKE IT

THE MONITOR IS "ALL HEAT"

Remember that when you (think of a heating stove.)

The construction of the Monitor Radiator is such that the intense heat from the fire pot is drawn to every available inch of heating surface, through the most wonderful system of flues ever produced.

Right down the FRONT the heat comes while at its hottest—direct from the firepot.

From the front flue, the fire passes on to heat all portions of the base, top, bottom and sides of the stove—before reaching the exit flue to which connections may be made to the rooms above.

THAT is scientific stove building. Also it justifies the motto of the company: **BEST FOR NINETY YEARS.**

THE MONITOR RADIATOR throws the heat out in front where you want it. This feature is not found in ANY OTHER BASE BURNER.

We guarantee twenty-five per cent more heat with twenty-five per cent less coal than ANY OTHER BASE BURNER.

NO OTHER BASE BURNER has five front flues; BESIDES THIS the MONITOR RADIATOR has bottom and back flues larger than any other base burner. THIS IS ALSO GUARANTEED.

THE MONITOR RADIATOR IS GUARANTEED TO HOLD FIRE THIRTY-SIX HOURS.

Design absolutely the most beautiful and entirely new. By mixing a percentage of SILVER with our nickel, we are able to obtain a FINISH NOT EQUALED BY ANY OTHER STOVE MANUFACTURER.

Would not any of the above features furnish sufficient reason for the purchase of a MONITOR RADIATOR?

They did not "give" them to her—they "sold" the goods to her, and got their price. The thanks of this poor woman, and the consciousness that they had given relief to a fellow mortal, (together with the 25 cents,) was good pay to these kind-hearted ladies, and they were satisfied with the bargain. They have customers that look forward each year to this sale, as it affords them a means of getting many articles that otherwise they could not have. People may say that these goods might be given to the poor direct, and no money taken, but poor people even have a sense of pride and independence, and would rather give some money for an article they can use than to have it thrown at them in charity. So these ladies give their time and labor to this purpose each year, well satisfied that even if the money they get is not a large sum, they have done some little good to those about them.
